Dear Admiral:

Erma and I were very pleased when we heard of your nomination and later, confirmation as Director of C. I. A. It has been recognized and acknowledged locally that you were headed for greater responsibilities and this one should be very interesting and extremely challenging. We also appreciate and thank you for the invitation to the command change ceremony.

So - our very best wishes for your enjoyment and success in the new assignment - but I know from my three brothers, that you can't beat a navy team when they are inspired!!

Sincerely,
George F. Duborg
